

Vote NO on Measure A

Measure A is a waste of taxpayer money and does nothing to stop violent crime in Vallejo. That's why Vallejo's top leaders say, "NO on Measure A."

- Congressman George Miller
- Mike Kollar, Retired Vallejo Police Officer
- State Senator Pat Wiggins
- Verna Mustico, Former President, Vallejo Chamber of Commerce
- Assemblymember Wes Chesbro
- John Stevens, Retired Vallejo School Teacher
- Assemblymember Noreen Evans
- Don Parker, Retired Vallejo Fire Chief
- Solano County Supervisor John Vasquez
- Solano County Sheriff Gary Stanton
- Johnathan Logan, Public Administrator

Vallejo Crime by the Numbers

- The City of Vallejo has the **highest reported violent crime** of any city of similar size in California.
- Vallejo maintains the **second smallest police budget** of any city in the state of similar size.
- Vallejo has gone from having 158 police officers in 2004 to having just 102 in 2010.

Measure A will end 41 years of the right of firefighters, police officers and other working people to have fair, independent review of contract disputes. Cities and counties up and down the state use this proven tool to ensure a fair and timely process for resolving disputes with their employees. But the Vallejo City Council doesn't want a level playing field. **That's why we are asking all Vallejo residents to Vote NO on Measure A.**
